

Introduction

Penny Rugs were borne out of the traditions of the early 1800's where people had to make do with what little they had.

From bits of wool scraps and felted wool scraps, they crafted functional items for their homes that reflected their creativity and ingenuity. A penny rug was used as a table mat most often, but could also be used as other decorative items for the home as well as the sewing basket.

Originally, the mats that were made to protect table tops were covered with stacks of "pennies". The pennies were circular pieces of wool that were cut using the coins of the day as templates. Coins were different sizes than our modern currency.

In particular, the US penny was about 1¼" which is much larger than our current coin. The stacks of graduated size pennies were placed side by side on early mats. Both the edges of the pennies and the outer edge of the mat were stitched with a blanket stitch.

Originally, the mats that were made to protect table tops were covered with stacks of "pennies". The pennies were circular pieces of wool that were cut using the coins of the day as templates. Coins were different sizes than our modern currency.

In particular, the US penny was about 1¼" which is much larger than our current coin. The stacks of graduated size pennies were placed side by side on early mats. Both the edges of the pennies and the outer edge of the mat were stitched with a blanket stitch.

As time went by, the designs included appliqué work also. The inspiration for these designs often came from other familiar sources. This would include folk art of the person's ethnic community.

Quilt block patterns were the most common source of design elements. Each quilter made their wool work to reflect unique skills and tastes. It was fashioned as a useful and functional items that decorated the home. Functional items included needle books (to store your needles with thread), scissors sheaths (to protect your scissors), and candle mats (to protect your tables from wax which bonds to a shellac finish).

May you find inspiration in these patterns to bring your own unique brand of style into your home.

Care Instructions: All of the wool felt in our kits is a blend of 20-35% wool. Dry cleaning is recommended for cleaning. To press wool felt, use a steam iron on high.

Stitches Needed

Blanket Stitch

To make a Blanket Stitch, thread a needle with the floss and knot one of the two ends of thread.

The starter stitch begins between the two layers of wool felt. The needle is inserted be-

tween two layers, then down through the bottom layer and up over the tail.

Pull the thread tight which will set the knot between the layers

Insert the needle down into the fabric, through both layers, and up inside the loop. Then, pull tight..

Repeat this along the edge of the fabric until you have completed the edging.

The stitching should be evenly spaced and have the loop along the seam between the two piece.

Repeat this along the edge of the fabric until you have completed the edging.

The stitching should be evenly spaced and have the loop along the seam between the two piece.

Instructions

Before beginning to sew this project lay all pieces together in their final positions so you will be familiar with where they will be placed. Use the photo as a guide.

Design Side

Take one 3½" Heart and place a 2½" Heart on top. Stitch these together with a blanket stitch using your choice of floss color.

Take the Heart Stack and add a 1½" Heart on top. Stitch these together with a blanket stitch using a different color floss.

Assembly

Take the remaining 3½" Heart and the stuffing and pin it to the back of the Heart stack around the edge. The stuffing should be between the two large hearts. Blanket stitch around the 3½" Heart.

Attach a piece of floss as a loop at the top of the Heart if you desire to hang the ornament or leave it without the loop and use as a pin cushion.
